

Flood Zone 3-D Mapping/Data Schedule

Many of the advanced “3D” maps and features are currently available for streams in Phase 1, Phase 2 & Phase 3 watersheds. Properties selected outside these areas will only display the current Flood Insurance Rate Map (FIRM) and associated data. Draft “3D” maps and features are available for Phase 4 streams, but are subject to change and do not impact insurance.

Phase 1 Watersheds

Briar, McMullen, McAlpine, Four Mile, Reedy, Back, Goose, Clear, and others

Phase 2 Watersheds

Sugar, Irwin, Stewart, Coffey, Steele, Paw, Long, Gar, Torrence, McDowell and others

Phase 3 Watersheds

Rocky River and Branches, Rama, Clark, Stoney, Clarkes Mallard, Toby, and others

Phase 4

Catawba River (includes Lake Norman, Mountain Island Lake and parts of Lake Wylie)
